#WomenCollectingTextiles

25 JANUARY - 19 APRIL 2020

TWO TEMPLE PLACE LONDON WC2R 3BD

From exquisite traditional Balkan costume to contemporary international artworks, textiles offer a beautiful and intensely human insight into our history. This exhibition celebrates seven pioneering women who saw beyond the purely functional, to reveal the extraordinary artistic, social and cultural importance of textiles, through innovative and imaginative collecting.

Unbound explores the stories of these women, looks at how their collections continue to influence us today and asks why textiles still have to fight for their place amongst the more established visual arts.

Join us for a varied programme of events for all ages including walks, talks, crafting workshops, music evenings and more! Look out for our FREE children's trail and weekly Art Cart events.
