

YARN MONSTER

You will need:

- Yarn/wool
- Cardboard toilet paper roll
- Googly eyes
- Coloured paper
- Feathers
- Glue
- Scissors
- Tape

1. Tape the end of the yarn just inside the toilet paper roll. Get an adult to help you cut a tiny slit in the tube just above the tape, and hook your yarn through it - this helps it stay in place!

2. Wrap your yarn around the roll as many times as you like, moving along it as you go. Remember to keep it as tight as possible so it stays put!

3. When your roll is covered, cut the yarn, and tape the loose end inside the other end of the toilet paper roll. Create a little slit to hook it through, just like you did in step 1.

4. Tape some feathers inside the top of the toilet paper roll to give it some hair.

5. Give it some eyes so it can see you!

6. Cut a mouth out of the coloured paper and stick it on with a glue stick. You now have your very own toilet roll yarn monster!

What is yarn?

Yarn is made from long fibres all twisted together and it is used for sewing and weaving.
